Usual and Customary Fees

We are out of network with BC/BS. With out of network benefits, BC/BS pays using **usual and customary fees** for our zip code. This means that they have a fee schedule that they feel is "fair" for our area and they will pay those fees for each service code. The patient is responsible for any amount above the fees not covered by their insurance. Dr. Saville's **standard fees** are very close to the **usual and customary** BC/BS fees for our zip code. Patients have very little left over to cover, and for this reason, we have the privilege of caring for a very high number of BC/BS patients at our office. You would still owe out of pocket for your deductible and co-pays at an in network provider. Typically, a BC/BS patient would owe \$12.00 to \$18.00 dollars for a cleaning, exam, and x-rays depending if you are a new patient or returning patient and if x-rays are needed, and what type of x-rays are taken. Please let us know if you have any questions.

IT IS VERY IMPORTANT TO BE CERTAIN THAT YOUR BC/BS PLAN HAS OUT OF NETWORK COVERAGE, AS SOME PLANS DO NOT.
